

## **Płock-based Wibrys Animal Clinic in the LuxVet Group**

**LuxVet continues to expand at a rapid pace. Płock-based Wibrys is yet another veterinary clinic to sign an agreement to join the Group.**

Wibrys has been operating at ul. Hubalczyków 6 since 1999 and is one of the oldest veterinary clinics in Płock. The facility provides preventive, diagnostic, internal medicine and surgical services. It has two doctor's offices, its own laboratory (biochemistry, morphology, cytology), an X-ray, ultrasound and endoscopy workshop, as well as an operating theatre and a post-op room.

The team of the clinic consists of 3 doctors and 4 veterinary technicians.

*"We have been committed to innovation since the very beginning. We were the first facility in Płock to offer some of the solutions that are now available in our clinic. Growth remains one of our priorities. By joining the LuxVet community, our team will not only be included in an attractive training program, but we will also be able to exchange knowledge with other facilities in Poland and abroad",* says doctor Piotr Pawłowski, the clinic's founder.

The LuxVet Group will also support the clinic in administration activities, accounting, procurement, IT, and marketing. The team will obtain access to an employee benefit package and free training available on the LuxVet training platform.
