Animal Doctor in Gorzów joins the LuxVet Group

The LuxVet Group is strengthening its position in the Lubuskie Voivodship. The Animal Doctor veterinary office has just joined the Group. This is the Group's third facility in Gorzów and fourth in the region.

Animal Doctor operates in Gorzów Wielkopolski at ul. Witosy 12/H11. The veterinary office has been founded by Joanna Kwiatkowska and its team consists of 5 veterinarians, 2 technicians and 3 administrative staff.

In addition to providing treatment and diagnostic testing for dogs and cats, the office specializes in the care of exotic animals (rodents, lagomorphs and reptiles). The practice offers services in soft surgery, otology, internal medicine, dermatology, cardiology, ophthalmology and dentistry. The facility is equipped with its own laboratory, dental X-ray, ultrasound and inhalation anesthesia machines.

"We are not the first facility in the region that has decided to move into the future with the LuxVet Group. We were encouraged to take this step by the recommendations of doctors, whose clinics are already part of the Group. We have observed how they changed and learned about the initiatives they were participating in, and we decided that this was the direction that we also wanted to follow," said veterinarian Joanna Kwiatkowska, the founder of the facility.

The Animal Doctor team will have access to free training offered as part of the LuxVet training platform, and to a benefit package (private medical care, sports card). The Group will also support the facility in administration activities, accounting, IT support, procurement and marketing.

About the LuxVet Group

The Group has been consolidating and developing the veterinary sector in Central and Eastern Europe through a flexible partnership business model based on respect for the past achievements of the entities being integrated. By working with doctors and owners of leading animal health institutions and building its first hospital for small animals in Poland, the LuxVet Group develops top quality veterinarian services and raises the standards of work in the veterinary sector.

The Group has secured capital support from three investment funds: funds managed by Oaktree Capital Management L.P. as (the majority shareholder, which is also a shareholder in UNAVETS Group, a veterinary platform similar to LuxVet and a market leader in the Iberian Peninsula), Cornerstone Investment Management and INVL Baltic Sea Growth Fund.
